The California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board) proposes to authorize discharge of treated wastewater from the Monterey One Water Regional Wastewater Treatment Plant and Advanced Water Purification Facility by reissuance of waste discharge requirements. The wastewater treatment plant provides secondary treatment of domestic wastewater, hauled saline waste, and reverse osmosis concentrate which is discharged to the Pacific Ocean. The Central Coast Water Board will hold a public hearing to consider the issuance of the proposed waste discharge requirements on **December 6-7, 2018**, at the:

**The item was originally scheduled to be heard at the September 20-21, 2018 meeting in Watsonville but has been postponed.** Interested persons were invited to submit comments in writing to the Central Coast Water Board at its office in San Luis Obispo no later than **July 20, 2018**. All comments received prior to that date will be considered in the formulation of staff recommendations regarding the waste discharge. The public comment period has been closed and the Central Coast Water Board will not accept written comments or other written submittals on the draft Order, unless the Chair of the Central Coast Water Board rules that exclusion would create a hardship, and that the late submission will not prejudice any party or the Central Coast Water Board. Any person submitting late comments or other submittals must explain why such materials were not submitted by **July 20, 2018**. The chair of the Central Coast Water Board will rule on late submittals at or before the hearing. Late submittals that consist of evidence (as opposed to policy statements or comments) are generally prejudicial unless all parties and Central Coast Water Board staff have time to consider the evidence before the hearing. Interested persons are invited to attend the hearing and may make oral comments relevant to the proposed action. Oral comments should summarize written comments. The chair of the Central Coast Water Board will impose time limits on oral comments.

The Report of Waste Discharge, Fact Sheet, related documents, and all comments received may be inspected and copied at the office of the Central Coast Water Board, 895 Aerovista Place, Suite 101, San Luis Obispo, California 93401-5427, on weekdays between the hours of 8:00 a.m. and 5:00 p.m. Please direct comments and questions to **Peter von Langen at (805) 549-3688** (or [peter.vonlangen@waterboards.ca.gov](mailto:peter.vonlangen@waterboards.ca.gov)) or Phil Hammer at (805) 549-3882 at [phillip.hammer@waterboards.ca.gov](mailto:phillip.hammer@waterboards.ca.gov).
